City of Palo Alto

Tree Protection - It’s Part of the Plan!

Make sure your crews and subs do the job right!

Fenced enclosures around trees are essential to protect them by keeping the foliage canopy and branching structure clear from contact by equipment, materials and activities, preserving roots and soil conditions in an intact and non-compact state, and identifying the Tree Protection Zone (TPZ) in which no soil disturbance is permitted and activities are restricted, unless otherwise approved. An approved tree protection report must be added to this sheet before project activity occurs within the TPZ of a regulated tree.

For detailed information on Palo Alto’s regulated trees and protection during development, review the City Technical Manual (TTM) found at www.cityofpaloalto.org/trees/.

---WARNING---

Tree Protection Zone

This fencing shall not be removed without City Arborist approval (650-496-5953)

Removal without permission is subject to a $500 fine per day*

*City of Palo Alto Municipal Code Section 6.10.110

Apply Tree Protection Report on sheet(s) T-2

Use additional “T” sheets as needed
